Capacity Building Program yang diselenggarakan EDPMEDIA terdiri dari tahapan berikut ini:

- Customize Capacity Building Program to align with corporate productivity objectives.
- Administer Certified Short Course Program and execute Role Based Certification Program base upon recommendation generated from Gap Assesment.
- Monitor the achievement of sustainable productivity growth inline with corporate productivity objectives through programmed performance audit

Manfaat Penyelenggaraan EDPMEDIA Capacity Building Program:

- Tercapainya kesetaraan tingkat kompetensi human capital (SDM) secara berkesinambungan selaras dengan corporate productivity objectives.
- Standarisasi tingkat kompetensi bagi setiap role.

ELC Certified Short Course Program

- PMS : Program, Project Portfolio Management
- ABM : Activity Based Management
- FMS : Facility Development & Management
- MEP : Mechanical, Electrical, Plumbing, Fire Fighting
- ACH : Architectural Design
- CAD : Computer Aided Detail Design & Shop Drawing
